

"GOING TO THE MARKET GARDEN
TAKES MY MIND OFF MY
EPILEPSY... IT MAKES ME FEEL
MOTIVATED BECAUSE I AM
DOING THINGS. IT ALSO MAKES
ME FITTER, MAKES ME FEEL
INCLUDED AND I AM PART OF
THE GROUP."

GARDENING FOR ALL

The garden is maintained by a team of gardeners from all walks of life and abilities. Inclusivity and empowerment is key to the garden's success.

DURING THE WEEK

People with learning disabilities and autism from Style Acre and WCSS attend so they can enjoy the therapeutic benefits of gardening.

AT THE WEEKEND

Sustainable Wantage manage a team of dedicated volunteers from the local community. They garden, do DIY, socialise and de-stress.

"THE GARDEN IS A WELCOMING PLACE WHERE YOU CAN BE USEFUL AND SOCIABLE IN THE MIDDLE OF NATURE. IT'S REWARDING TO KNOW YOU ARE PART OF A TEAM EFFORT, A HEALTHY WAY TO GET EXERCISE AND A GREAT WAY TO DE-STRESS IN THE COMPANY OF OUR GARDENING 'FAMILY', FINISHING THE AFTERNOON WITH TEA AND A CHAT."
