About Style Acre

Style Acre supports over 175 adults with learning disabilities and Autism in Oxfordshire. Our person-centred support ranges from 24-hour care for those with complex learning, health and or physical disabilities to a few hours support per week for those who live more independently.

People we support are given the freedom and independence to live with peers in a supported environment through our supported living households. We also run three community hubs in Wallingford, Didcot and Banbury so that people with learning disabilities can get the best out of their local communities. People can also access sessions at Wantage Market Garden through our Gardening Project, where we teach a range of gardening skills that benefit physical and mental health. Our Work Programme team supports people to gain paid and voluntary work opportunities both within Style Acre and with local companies.

About The Springs Golf Club

The Springs Golf Club is situated near Wallingford, Oxfordshire and is laid over 133 acres of beautiful parkland, that runs alongside the river Thames.

The golf course was originally designed by former Ryder Cup Captain Brian Huggett, and first opened in 1998. The course was purchased by Darwin Escapes in 2017 and the following year began a significant investment plan, starting with the golf course.

Leading course architect Tim Lobb was called in and he worked in consultation with Huggett, primarily on the bunkers and lakes, improving their placement, appearance, and aesthetic appeal. The club is a GEO Certified course, a highly regarded sustainability distinction awarded to only 2% of golf courses in the UK.

Over the past two years, there has been significant investment in the club, transforming every aspect of the golf experience. Opening their newly extended clubhouse, with Spike Bar and The Ridgeway, a wonderful new restaurant, as well as two brand new state of the art swing studios, each with GC Quad technology and putting lab.

The practice ground was improved by creating an increased levelled teeing area as well as specific targets on the outfield. Along with the short game area, it makes it a truly enjoyable place to practice your golf.
